

ROSTEK ROCA LIGHT ROOF TROLLEY

ROCA

Product code: R005545

TROLLEY TYPE	Rostek Roca
TRACK TYPE	RS133D, RS163
WORKING LOAD LIMIT	700kg (total suspended load)
DIMENSIONS	2,1m x 1,9m x 0,5m
OUTREACH	Fixed, max 1300mm
MATERIAL	HDG Steel, Anodized Aluminum, Stainless steel bearings and shafts
TRAVERSE SPEED	6.0 m/min
POWER SUPPLY	3 phase, 400V/50Hz
WEIGHT	230kg
DESCRIPTION	Roca is a good solution for non-visible double-track system installations on the roof where light weight equipment is needed. Floating rear trolley makes the Roca agile and it can traverse corners effortlessly. Thanks to light weight of the trolley, it is also suitable for light roof structures. Roca can be painted according to customer needs. Roca arms are turned inwards to make the roof trolley invisible from the street level.
